

Applying for a California Seller's Permit

- If you do not already have a seller's permit, you will need to apply for one:
 - Create an account with the California Department of Tax and Fee Administration (CDTFA) at: <https://onlineservices.cdtfa.ca.gov>.
 - Once you have an account, you can log in and proceed to apply for the permit.
- After submitting the permit application, it takes around 24 hours or less to receive the permit number by email.
- **IF YOU NEED HELP:**
 - We highly recommend watching [this video](#), before you start. The video walks you through each step of registering and applying for the permit. Note: this video is a few years old, so the CDTFA home page looks different, but all the information is the same.
 - You can also call the CDTFA customer service line at 1-800-400-7115 for assistance.
